## **How Lease'T'Own Works**

- To get started you will need:
  - The Origination Fee (up-front money). **Don't have all of it? Call us, we'll work it out.**
  - 1<sup>st</sup> Payment, Title, Registration, Plate & Doc Fees.
  - Proof of Insurance Coverage on the vehicle being leased.
- Payments can be made Weekly, Bi-Weekly or Monthly.
- Most Lease payments include a 2 yr or 26,500 Mile Warranty.
- Sales Tax is included in each payment as you make it, rather than paid all up front.
- **Leasing to own is very easy.** You make the payments as agreed. After the last payment is made, you exercise a small purchase option and the title and tags are transferred into your name.
- **No Obligation.** You can return the vehicle at **anytime** for any reason.
- **Early Buy Out Option.** Save even more with an early buy out. Ask for details.
- **Trade/Upgrade.** See a different vehicle you like on our lot? Bring yours back and start over on the Lease'T'Own vehicle of your choice.
- **Generous Mileage Allotment** of 15,000 Miles Year. (Ask about Excess Mileage w/Purchase Option).
